About Us

Beyond the Ribbon is a 501(c)(3) nonprofit organization founded by breast cancer survivors who understand the journey firsthand. Our mission is to support individuals and families impacted by breast cancer through education, emotional support, financial aid, and advocacy.

What sets us apart?

We are survivors helping individuals who are battling breast cancer, bringing authenticity, empathy, and impact to everything we do.

Our Mission

Beyond the Ribbon, is more than just a nonprofit: it's a community of compassion, hope, and action. Rooted in the belief that no one should face cancer alone, we are dedicated to walking alongside local patients not just at diagnosis, but through every step of their journey. Led by breast cancer survivors who understand the journey firsthand. We know that a diagnosis is just the beginning. That's why we're committed to walking beside local cancer patients through every stage of their fight. It takes love and understanding, each other. While raising awareness is important, our mission goes deeper. Through uplifting events and strong community partnerships, we provide direct financial assistance, to ease the burdens of treatment because healing takes more than medicine; it takes LOVE.

Our Impact

- To provide support through a grant application process that must be approved by Beyond the Ribbon Board Members to assist with the financial stress during a patients' cancer journey.
- Host quarterly support groups and educational events
- Distribute resource guides in both English and Spanish for patients and families

From Our Founders

"As survivors, we know the emotional, financial, and physical toll cancer takes. Beyond the Ribbon was born out of a desire to make sure no one walks the journey alone. Your support brings healing, hope, and humanity to those who need it most."
